PREFACE

IN presenting the Fifty-Seventh Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 70,418. Wives' names approximate 29,080 making a grand total of 99,498 names in this section of the Directory.

The Street Directory shows some 40,300 listings including Householders, Firms, Offices, Buildings and Institutions. In this section when some member of the family is said to own the property, an asterisk is placed after the householder's name. Our estimate of the population of the City proper is 158,170, an increase over last year of 6,720.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities who are employed in Hamilton, these names approximate 2,550, so the residential and working population of Greater Hamilton is 160,720.

VERNON DIRECTORIES LIMITED,
Publishers.
ALFRED J. VERNON,
President and Managing Director.

March 1st, 1930.

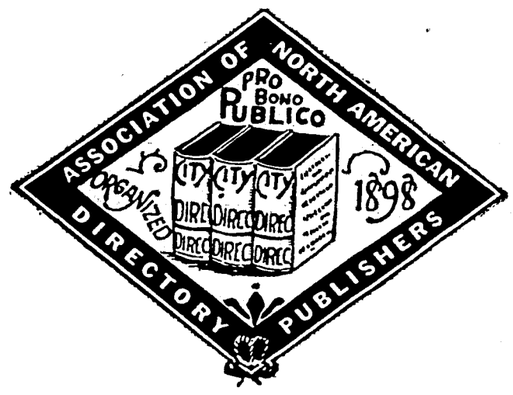
POWER: Hydro and Dominion Power and Transmission Co. Household and manufacturing rates are extremely low.

The City Industrial Commissioner, Chamber of Commerce or the City Directory Publishers will be pleased to supply any additional information regarding the City of Hamilton.

This Publication
Is The Product of a Member of



—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
